## NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 1981

1. PRINCIPALS OF ACCOUNTING:

The financial statements have been prepared in conformity with insurance accounting practices prescribed or permitted under statutory authority. These practices differ in some respects from generally accepted accounting principles followed by other business enterprises in determining financial position and results of operations. Such differences include (a) charging new policy acquisition costs against earnings in the year incurred rather than amortizing them against the related premium income over the expected policy life, (b) excluding non-admitted assets from financial statements, (c) providing an allowance to reduce the carrying value of investments in accordance with the requirements of the Insurance Act, and (d) providing for income taxes on the taxes payable method. The aggregate effect of such differences on the statutory financial statements is not reasonably determinable at this time.

2. INVESTMENTS:

Certain bonds and debentures at an amortized cost of approximately $ 997,000 are on deposit with the Government of the Province of Alberta.

3. NOTE PAYABLE:

During the year the Company co-insured single premium deposiflex policies aggregating approximately $2,471,326 and in satisfaction of the liability issued a 13 3/4% demand note. The Company received a commission on the reinsured policies amounting to $336,000.

4. CAPITAL STOCK:

On June 2, 1981, Bill PR9 - The Paramount Life Insurance Company Amendment Act, 1981 received Royal Assent. This bill approved a change in the capital stock to $3,000,000 consisting of 600,000 common shares with a par value of $5 each. The directors of the Company, may, by resolution, increase the capital stock of the Company from time to time, to maxium of $43,000,000 by authorizing the issue of preferred shares to a maxium of:

(a) 200,000 first preferred shares having a par value of $100 each; and

(b) 200,000 second preferred shares having a par value of $100 each.

Under the terms of the agents' contracts, stock options may be earned by each agent. The Company has not determined the amount of stock options earned and outstanding at December 31, 1981 and accordingly has not reserved shares for issuance in respect of these outstanding rights.

5. REORGANIZATION:

In connection with a reorganization in 1976, the accumulated deficit as at January 1, 1976 of $1,639,453 , was transferred to contributed surplus.

6. CONTINGENCY AND COMMITMENT:

The Company has been named as co-defendant with two financial institutions in a legal action for damages in the amount of aproximately $2,000,000. The Company has entered a defence against this action but at this time is unable to determine whether the defence will be successful. In the opinion of management, if the claim is upheld the Company has a good and valid claim for indemnity and contribution against a co-defendant.

An agreement exists whereby the Company must pay interest to the majority shareholder who has guaranteed the market value of certain investments. Interest is payable at 5% per annum calculated on the outstanding amount of the guarantee. The amount of the interest payable for 1982 will approximate $17,500.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1981

### 1. COMPANY OPERATIONS

The company was incorporated by Chapter 119 of the Statutes of Alberta 1965, assented to April 12, 1965. The company was licenced on January 1, 1966 and commenced business on that date. On May 30, 1972 the company's licence to sell insurance was cancelled by the Government of the Province of Alberta under the provisions of the Alberta Insurance Act, and on May 31, 1972, as indicated in Note 5, the Governemnt of the Province of Alberta guaranteed the contractual obligation of the company to the policyholders. An interim liquidator was appointed to supervise the operations of the company until November 7, 1972. At this time the firm of Thorne Riddell & Co., Chartered Accountants, was appointed to administer the operations of the company pursuant to Section 178.2 of The Alberta Insurance Act. Concurrently a restricted licence to sell insurance was granted to the company but effectively no new insurance has been written since May 31, 1972.

Under the terms of Section 178.3 of the Alberta Insurance Act the administrator assumes all of the powers of the shareholders and directors of the company as well as the powers and duties conferred or imposed upon him by the Lieutenant Governor in Council and the shareholders and directors may not exercise their respective powers.

### 2. BONDS AND DEBENTURES

Bonds and debentures have been disclosed on the statement of financial position at amortized cost.

### 3. POLICYHOLDERS DIVIDENDS

Under the terms of the agreement between the Government of Alberta and certain major creditors more fully explained in Note 5, the Government has undertaken to use its best efforts to ensure that a dividend policy is maintained in order to conserve the participating business of the company. In accordance with this undertaking the administrator is maintaining the previous dividend policy.

### 4. COINSURANCE AND REINSURANCE ARRANGEMENTS

In prior years the company made arrangements and carried out transactions involving the coinsurance and reinsurance of various blocks of its insurance business and the recapture of portions of the business coinsured and reinsured with a number of reinsurance companies.

These transactions resulted in credits to income in the year the arrangements were made since the proceeds primarily represented the recovery of costs previously incurred. Future profits or losses on this business accrue to the reinsurer, or to the extent the recapture provisions are exercised by the company, the costs of recapture will result in corresponding charges to income.

### 5. DUE TO GOVERNMENT OF ALBERTA

As of May 31, 1972 the Government of the Province of Alberta entered into an arrangement with certain major creditors of the company whereby the Government guaranteed to each of the other parties that the contractual obligations of the company to the policyholders would be met and the major creditors agreed to reduce their claims against Rocky Mountain Life Insurance Company in amounts totalling $310,000 and to assign these balances to the Government. Subsequent to this arrangement, an additional $100,000 was advanced by the Government to the company.

### 6. PIONEER POLICY

Under the provisions of the Pioneer Policy, which was introduced by the company in 1968, all holders thereof are entitled to not less than 10% and not more than 25% off all amounts available for payment as dividends to the shareholders of the company. Such amounts were to be determined and apportioned annually by the directors of the company. No such apportionment has been made to date.

### 7. SEGREGATED FUNDS

Under the terms of certain insurance policies, a portion of the liabilities thereunder and reserve therefor is allocated to either a guaranteed interest account or to segregated funds.

Details concerning those monies allocated to the segregated funds are as follows:
